"A masterful book." —Marc Levinson, *The Washington Post*

"A juicy tour of the company Bezos built."—*The New York Times Book Review*

From the bestselling author of *The Everything Store*, an unvarnished picture of Amazon's unprecedented growth and its billionaire founder, Jeff Bezos, revealing the most important business story of our time.

Almost ten years ago, *Bloomberg* journalist Brad Stone captured the rise of Amazon in his bestseller *The Everything Store*. Since then, Amazon has expanded exponentially, inventing novel products like Alexa and disrupting countless industries, while its workforce has quintupled in size and its valuation has soared to well over a trillion dollars. Jeff Bezos's empire, once housed in a garage, now spans the globe. Between services like Whole Foods, Prime Video, and Amazon's cloud computing unit, AWS, plus Bezos's ownership of *The Washington Post*, it's impossible to go a day without encountering its impact. We live in a world run, supplied, and controlled by Amazon and its iconoclast founder.

In *Amazon Unbound*, Brad Stone presents a deeply reported, vividly drawn portrait of how a retail upstart became one of the most powerful and feared entities in the global economy. Stone also probes the evolution of Bezos himself—who started as a geeky technologist totally devoted to building Amazon, but who transformed to become a fit, disciplined billionaire with global ambitions; who ruled Amazon with an iron fist, even as he found his personal life splashed over the tabloids.

Definitive, timely, and revelatory, Stone has provided an unvarnished portrait of a man and company that we couldn't imagine modern life without.
