Rave reviews for The Fast Track Ham License series:

"This is a great book. So many of the study guides are just question dumps and it's a horrible way to learn, at least for me. I need an explanation and something to keep my interest and Mr. Burnette's book fit the bill perfectly."

"Michael Burnette's ham radio exam prep book is the most useful and comprehensive book that I have found on this subject and makes getting ready for this exam not only easy, but fun. I have learned so much since studying this guide and fell ready to take this exam at a moment's notice."

"Thank you! Thank you a thousand times over. I bought your book in order to study for my tech license, and the audiobook and I loved them!"

"I have now purchased approx 8 books on this specific subject. Not to include wasted many months of 'trying to understand'. Yet, this being a topic in which I am passionate about, I can't seem to ever actually quit trying. I have spent years dabbling in the content trying to make good sense of it. Even had some formal training over the years.

After all of that *** This ended up being the only book I really needed for Technician!!!! The sad part, it was the last unique book in a stack I have purchased. Really wished I had tried this one 1st, maybe my review is useful to save you from a similar mistake like that. Start here, with Michael Burnette."

Michael Burnette, AF7KB, holds an Amateur Extra class license. He has decades of experience in commercial and amateur radio, and more decades of experience as a professional adult educator.
